

# OUR STORY: THE HISTORICAL LEGACY OF COLD FIELDS

Marie Antone  
and her daughters, Clara and Helen

*Cold Fields decided to capture the stories  
and histories of the families that are  
connected to their community.*

*People came together to record the  
dates, the names, and the lives of the  
people, past and present.*

*Come learn how they started, the  
projects they have worked on and  
why they think it is important.*

*They will share how you can start  
recording your community history too!*
